On June 30, 2020, the RiverNorth Flexible Municipal Income Fund, Inc. (the “Fund”) paid a distribution of $0.1042 per share to shareholders of record at the close of business on June 16, 2020. Under U.S. generally accepted accounting principles (GAAP), the Fund estimates that 56.44% of the distribution is attributable to current year net investment income, 38.83% of the distribution is attributable to short-term capital gain and the remaining portion is attributable to return of capital.

The characterization of Fund distributions for federal income tax purposes is different from the GAAP characterization presented above. The determination of what portion of each year’s distributions constitutes ordinary income, qualifying dividend income, short or long term capital gains or return of capital is reported to shareholders on the Fund’s calendar year-end Form 1099-DIV.
